NEXT DIMENSION **LIMITED LIFETIME WARRANTY**

Windsor Windows & Doors, as manufacturer, warrants that all Next Dimension windows and patio doors will be free from defects in materials and workmanship that significantly impair their operation and proper usage for the lifetime of the home where originally installed, subject to the conditions and limitations within. This lifetime limited warranty applies to the entire window or door, including the glass. To achieve optimum performance from your Windsor products, and to preserve the warranty, please refer to the Windsor Care and Use Guide on our website, www.windsorwindows.com.

Windsor would like to thank you for selecting our Next Dimension vinyl products. We are confident that they will provide you with comfort, aesthetics and value for many years to come. As with any product warranty, there are certain limitations and disclaimers that must be included so all parties are assured the product is being installed and used properly. However, our intent is to make this warranty as clear and user-friendly as possible.

Next Dimension products carry a "Lifetime Limited Warranty," which provides coverage against workmanship and materials to the original owner-occupant, for as long as they occupy their single-family residence. If either the residence is sold, or these products are installed in a "non single-family structure," then all warranties noted are limited to 10 years from the original date of manufacture, and by exclusionary items and conditions as noted.

There are five primary components to Next Dimension vinyl products, and the assurances and warranty provisions are specific to each:

1. Next Dimension vinyl material – Windsor warrants that vinyl material will not blister, corrode, flake, chip, peel or rot under normal conditions, so as to substantially impair the operation or performance of the Next Dimension products. If any of the vinyl material in our Next Dimension products should blister, corrode, flake, chip, peel or rot under normal conditions, or in the event the vinyl material fails, Windsor will provide a free Next Dimension vinyl replacement product or affected part, AND will pay charges Windsor determines to be reasonable associated with the installation, disposal and refinishing of the product replacement.

2. Non-vinyl parts and components (including, but not limited to, such items as weatherstrip and hardware) – Windsor warrants its Next Dimension products against premature component failure that substantially impairs the operation or performance of these products. In the event of such a failure, Windsor will provide no-charge replacement parts. *NOTE: There is no coverage for any additional costs, such as installation, disposal or refinishing.*

3. Window Sash Opening Limiting Devices

- Always refer to applicable building codes when considering the purchase, installation and application for use as a Window Opening Control Device (W OCD). Also, refer to ASTM F2090-10 for additional information.
- If Window Sash Opening Limiting Devices are going to be installed, carefully follow all information provided with the Window Sash Opening Limiting Devices, including installation, operation and safety information. *Proper installation of Window Sash Opening Limiting Devices, pursuant to applicable building codes, ASTM F2090-10, and the included installation information, along with application of tags/labels including the safety instructions left attached for the homeowner, allows these devices to be used as Window Opening Control Devices.*
- Supervision is still required around windows where Window Sash Opening Limiting Devices have been installed.

4. Insulated glass used in Next Dimension vinyl products – Windsor warrants that under normal conditions, the insulated glass will not develop any material visual obstructions as a result of premature failure of the insulated glass seal. If a failure of seal occurs, Windsor will provide replacement insulated glass only, for the first 10 years free of charge. To the original owner-occupant in a single-family residence, Windsor extends the insulated glass warranty coverage for

as long as they remain owner-occupant in a single-family residence, to provide replacement insulated glass at the cost of 50 percent of the current list price for that insulated glass, at the time the claim is submitted. In all cases, replacement glass will be shipped F.O.B. factory.

NOTE: There is no coverage for any additional costs, such as installation, disposal or refinishing.

4a. Blinds between the glass – This warranty applies in place of "insulated glass used in Next Dimension vinyl products."

Windsor warrants that under normal conditions, the insulated glass will not develop any material visual obstructions as a result of premature failure of the insulated glass seal.

Blinds between the glass and insulated glass units in which they are installed are warranted for 10 years from the date of manufacture against failure of the operation of the shade/blind, failure of the insulated glass seal and failure of the external control mechanism for the blinds attached to the glass. Warranty coverage is excluded where Windsor determines failure is due to improper handling, improper cleaning, lint threads or some other obstruction within the insulated glass, and installation in a high heat environment, including, but not limited to, a storm panel or storm door applied, surrounding and/or enclosing the exterior of the blinds between the glass insulated unit. If a failure of seal occurs, Windsor will provide replacement insulated glass with blinds between the glass only free of charge. In all cases, replacement glass will be shipped F.O.B. factory. *NOTE: There is no coverage for any additional costs such as installation, disposal or refinishing.*

4b. Laminated and/or impact glass – Windsor warrants against delamination of the inner liner (PVB) and extensive visual obstruction due to glass seal failure for a period of five years from the date of manufacture. If a failure of the seal or the inner liner occurs, Windsor will provide replacement insulated glass with laminated and/or impact glass only free of charge. In all cases, replacement glass will be shipped F.O.B. factory. *NOTE: There is no coverage for any additional costs such as installation, disposal or refinishing.*

5. Factory applied painted vinyl – For a period of 10 years from the date of manufacture, Windsor will warrant that under normal conditions, the paint applied will be free from failure due to product defect and specifically against peeling, cracking, flaking or blistering from/on the painted surface and against significant ultraviolet discoloration (greater than 6 Delta E) caused by natural environmental atmospheric conditions. Windsor will not warrant any paint specific damage or alteration caused by the use of organic

or chemical solvents or an environmental factor causing such damage including, but not limited to, stucco leach, acidic washes, hard tack tape and blowing sand.

As with all painted surfaces, natural weathering will occur over time. Exposure to different environmental elements will require regular cleaning and/or maintenance. In harsher conditions this could include up to semi-monthly cleaning and/or maintenance.

Please visit www.windsorwindows.com and follow Windsor's Care and Use Guide to clean, maintain and touch-up the paint.

CAUTION: MUST READ PRIOR TO PERFORMING PAINT TOUCH-UP OR PAINT REAPPLICATION! If touch-up painting is required, use only the specific paint acquired from Windsor for this purpose. FAILURE TO USE PAINT ORDERED FROM WINDSOR WILL RESULT IN FORFEITURE OF THE PAINT WARRANTY ON THESE WINDOWS! Painting professionals should review Windsor's Care and Use Guide at www.windsorwindows.com for touch-up and paint reapplication guidelines and contact Windsor directly to obtain this particular paint.
